Appendix III CMU SEI-2003-HB-002, Handbook for Computer Security Incident Response Teams. This report proposes an intrusion-aware design model called trustworthy refinement through intrusion-aware design ( TRIAD ). TRIAD helps information system decision makers formulate and maintain a coherent, justifiable, and affordable survivability strategy that addresses mission-compromising threats for their organization. CMU SEI-2004-TR-015, Defining Incident Management Processes for CSIRTs. This report presents a prototype best practice model for performing incident management processes and functions. It defines the model through five high-level incident management processes: Prepare Sustain Improve, Protect Infrastructure, Detect Events, Triage Events, and Respond. Workflow diagrams and descriptions are provided for each of these processes. CMU SEI-2005-HB-001, First Responders Guide to Computer Forensics. This handbook is for technical staff members charged with administering and securing information systems and networks. It targets a critical training gap in the fields of information security, computer forensics, and incident response: performing basic forensic data collection. SAND98-8667, A Common...
