This report compiles the presentations made at the 1999 Photovoltaic Performance and Reliability Workshop, held on October 18-21, 1999, in Vail, Colorado. Also included are summary notes of the workshop discussion sessions. The theme of the workshop was Setting a Standard for PV Performance and Reliability, with the focus on testing, test methods, evaluation, and standards. The workshop provided a venue for technical discussions on four topical areas: module rating, module qualification, power processing, and systems. Tutorial presentations and open discussion on individual concerns, issues, and solutions both served as the means for all to contribute and learn from one another. A repeated theme was that we need to ensure that the U.S. PV industry is in concert with, and at the forefront of, international PV module and systems technology activities. An overview of the outcome of the workshop includes the following. I) Module Performance Rating. IEEE PAR 1479 Draft Recommended Practice for the Evaluation of Photovoltaic Module Energy Production - proceed with validating the models, inputs, and the standard's clauses; complete the draft by the...
