FASCINOMAS - FASCINATING MEDICAL MYSTERIES (PAPERBACK)

Createspace, United States, 2013. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Fascinomas -fascinating medical mysteries. A paralyzed teen recovers overnight. A woman complains her breast implants speak. A man and his dog become gravely ill at the exact same time. These strange real-life cases and many more can be found in author and physician Clifton K. Meador s newest collection, Fascinomas. Combining the word fascinating with the term for a tumor or growth, fascinoma is medical slang for an unusually interesting medical case. These are the extraordinary stories medical professionals recall forever and pass from one colleague to another in hospital lounges and hallways. Every medical professional has at least one fascinoma to tell, and in this collection of bizarre-but-true stories, Meador retells some of the most memorable. In the vein of Berton Roueche, the famed medical writer for The New Yorker, the author of True Medical Detective Stories is back with an all-new book of complex cases, where medical professionals must often race against the clock to find clues in the most unusual places. Fascinomas is an entertaining and informative collection for physicians, nurses, medical students and those who simply can t get enough of bizarre clinical cases. Written from the point of view of an experienced doctor, the stories are crafted in an engaging style that can be enjoyed by medical professionals and laypeople alike. More than just interesting tales, however, these real-life mysteries serve as great examples of the need for doctors to listen closely to and ask the right questions of their patients, even in the computer age, when so much information is at their fingertips. Sometimes the truth is stranger than fiction, and you never know where a crucial piece of evidence will be...
