

That's Not English: Britishisms, Americanisms and What Our English Says About Us

Filesize: 1.97 MB

Reviews

This written publication is fantastic. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of your respective time (that's what catalogues are for concerning should you ask me).

(Tevin McClure)

Vintage Publishing. Hardback. Book Condition: new. BRAND NEW, *That's Not English: Britishisms, Americanisms and What Our English Says About Us*, Erin Moore, This is a lifelong Anglophile, Erin Moore spent holidays in the UK, worked as an editor with British authors and married into an English American family. So, when she finally moved to London, the last thing she expected was a crash course in culture shock. And the first thing she learned was to take nothing for granted, even the language these two countries supposedly share. In *That's Not English*, the seemingly superficial variations between British and American vocabulary open the door to a deeper exploration of historical and cultural differences. Each chapter begins with a single word and takes the reader on a wide-ranging expedition, drawing on diverse and unexpected sources. In *Quite*, Moore examines the tension between British reserve and American enthusiasm. In *Pull*, her theme is dating and sex; *Cheers* is about drinking. American readers will find out what the British mean when they say 'proper' and why it is better to be bright than clever. British readers will discover that not all Americans are Yankees and why Americans give - and take - so many bloody compliments, and never, ever say shall. (Well, hardly ever.) *That's Not English* is a transatlantic survival guide and a love letter to two countries that owe each other more than they would like to admit.
