

The Morality Maze: An Introduction to Moral Ecology

Filesize: 6.73 MB

Reviews

This sort of ebook is every thing and made me hunting forward and a lot more. I have read through and i also am confident that i am going to going to go through once again once more in the foreseeable future. I discovered this publication from my dad and i encouraged this book to discover. (Prof. Kip Spinka IV)

THE MORALITY MAZE: AN INTRODUCTION TO MORAL ECOLOGY

[DOWNLOAD](#)

Prometheus Books. Hardback. Book Condition: new. BRAND NEW, The Morality Maze: An Introduction to Moral Ecology, Neil M. Daniels, People still believe that any behaviour is permitted so long as they can get away with it. This attitude makes our current moral situation both confusing and discouraging. In addition, society has lost confidence in traditional methods of strengthening morality, be it the family, the schools, religion, or the law. Our failure to create a peaceful, moral world is all the more disturbing when compared to the tremendous strides we have made in science and its application to business and industry, medicine, communications, transportation, and agriculture. In "The Morality Maze", Neil M Daniels expands the concept of morality by assigning it a scientific base in biology. In the past, each individual immoral behaviour was described and defined, but we failed to discern what they have in common, other than being forbidden. Daniels reveals one simple moral factor that pervades all moral and immoral behaviour. This "common denominator" is a bioenvironmental fact of human ecology. The human ecosystem artefact common to all forms of morality is "property," an innovative component of moral ecology theory that has revolutionary implications for moral philosophy, law, education, and daily life.
