Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A short book on the art of fly-making as author M.A. Shipley fondly refers to it, Artificial Flies and How to Make Them is a simultaneously informative and entertaining account of the construction, use, and method of artificial flies to be used by fishermen. Shipley, co-owner of a professional fishing and tackling outfit with his father, was well-known in the fishing community, having written several books on the art of fishing, the different types of covetable fish in North America, and (of course) the creation and use of various lures designed to increase the effectiveness of the individual fisherman. In this book, Shipley details the construction of Hackle Flies, Silk Body Hackle Flies, Mohair or Wool Bodies, Palmer Flies, Winged Flies, Reversed Wing Flies, and Scale Wing Flies along with comprehensive illustrations for the beginner fly-fisherman. He then details a list of different flies typically used for the fisherman to attempt on his own. Finally, this short guide ends with a few advertisements for fishery business in the U.S. including Shipley s own business and...
