*The publication is straightforward in study better to fully grasp. It is definitely simplistic but excitement inside the 50 percent of your publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

There is room just now for an application of this test, because of the collapse of the Darwinian theory of the Origin of Species. That theory, which was the central doctrine of the philosophy of Materialism, had so completely occupied the stage, that its exit leaves a most conspicuous vacancy. If Evil (in its infinite variety of manifestations) be not a primal condition out of which man is evolving, and which the human race is gradually leaving behind, as Materialism taught, what is it? If we reject Materialism, as the successors of its now deceased apostles are doing, what shall take its place? Here are patent facts - the most conspicuous matters of daily observation - viz., the distressing facts of human delinquencies and sufferings. It is not endurable that we should have no explanation of them; and Materialism, while it lasted, sufficed at least to prevent a painful void.
