Brand New Book ***** Print on Demand *****.Excerpt from The Aeneid of Vergil To write a verse translation of the Aeneid, though the labour be one of love, must in the nature of things be a somewhat thankless undertaking: for in the first place, if it is impossible to reach perfection in the rendering of any poem from one language to another, it is past impossible, when the two languages are so remotely akin as Latin and English, and when the style of the author was, even in his own tongue, unapproachable for subtle delicacy and artistic finish: and secondly, even should lie attain to a high degree of excellence, the qualified approval of a few scholars, and the thanks of an infinitesimal fraction of the reading public, are likely to be the translator's sole reward. And yet it has seemed to me that, if one could produce a version of the Aeneid that should be in itself an English poem, and at the same time a faithful reflection of the original, neither adding to the text nor diminishing from it, such an achievement would be worth the time and labour required for the task. Admitting to the full the high standard that has been reached by some of my predecessors, though with the details of their work I have purposely kept myself unacquainted.
