Review received via email: I absolutely love this book; its very simple, detailed and so full of life. This is the first time I have been able to sit down and enjoy reading a book about hair and it was well worth my time. It only took one reading. I only started really taking care of my hair after stumbling across some articles by Heather and immediately subscribed to receive her emails. I now religiously follow her blogs. They are fun and engaging and so so simple to follow through especially reading hair fairytales from queens around the globe. I have been able to reconnect better with my hair through this book and more importantly, take care of it accordingly. I ve even shared hair tips with my friends and they ve exclaimed to me it works. .all thanks to Heather. Thank you so very much for bringing the hair bible to life and I look forward to more hair literature from you.
